RE Joseph P. Illig
Group Health MHN (00033399)

To whom it may concern,,

Mr. Illig has asked me to document his medical conditions as they have interfered with his ability to pursue his usual work for years.. He has received care at Group Health Cooperative for over 19 years. Relevant medical problems are as follows:

- Chronic Lymphocytic Leukemia
- Macroglobulinemia
- Hyperviscosity
- Retinal vein occlusions in both eyes requiring eye injections.
- Left knee osteoarthritis
- Dupuytrens flexion contractures fingers bilateral hands

Sincerely,

A handwritten signature in black ink, appearing to read "Stacy Ivan Globerman, MD".
